

PRINCIPAL'S MESSAGE

It is my privilege to welcome you to Don Bosco School, Kharagpur where a unique learning experience fosters the holistic development of each child. We believe that each child has a potential which, when nurtured with care and patient guidance, can put the child on the path of excellence. The unique philosophy of Don Bosco School Learning System opens up the mind of the child to explore learning at his/her pace, facilitates learning with comprehension, synthesizing knowledge and hones creative skills.

Experiential learning and a problem-solving approach with high order thinking skills become the hallmark of a Don Bosco child. A conducive and interactive learning environment along with a wide array of co-scholastic activities and the talent development programme offers opportunities for the pursuit of a hobby and developing the skills of the activity. We believe that values are not taught but caught, hence the school environment reverberates with values that are quintessential for an enriched existence.

The school offers a fine blend of innovative educational practices, technology-aided learning imbued with a strong sense of values. Developing scientific temper, secular outlook, patriotism, respect for humanity and environment preservation are intrinsic in the journey of learning.

A happy child with dreams to fulfil and facilitated by the strength and support of the home and the school aptly describes 'A Don Bosco Child'. 'Who Am I?' What are my path and vision? becomes unravelled while a child traverses the path of the entire learning experience leading to self-discipline self-evolution and self-realization.

A nationalist at heart with a global perspective, the students are equipped with the essential core competencies and life skills to successfully contribute to the society and to face the multitude challenges of the 21st Century. With parents as our partners in the endeavour of man making, Don Bosco Kharagpur aspires to usher in a new epoch of quality education and excellence.

Ms. Mousumi Banerjee
